GMT chemistry the central science 12th pdf - The Association was founded in 1831 and modelled on the German Gesellschaft Deutscher Naturforscher und Ärzte. The prime mover (who is regarded as the main founder) was Reverend William Vernon Harcourt, following a suggestion by Sir David Brewster, who was disillusioned with the elitist and conservative attitude of the Royal Society. Charles Babbage, William Whewell and J. F. W. Johnston are ...

British Science Association - Wikipedia - A number of significant scientific events occurred in 2014, including the first robotic landing on a comet and the first complete stem-cell-assisted recovery from paraplegia. The year also saw a significant expansion in the worldwide use and sophistication of technologies such as unmanned aerial vehicles and wearable electronics.. The United Nations declared 2014 the International Year of ...
